Table S2

Information on passerine species considered in this study. Listed are Group (Non-Passerine [NP], Passerine [P]) and Clade membership (Clade), main biogeographic realm (Realm; AT - Afrotropics, PA - Palearctic, NA - Nearctic, NT - Neotropics, IM - Indomalay, AA - Australasia, OC - Oceania), binary breeding system (System), and sources used for cooperative breeding information (see References in Supplemental Information).
